### 4. FIRST AID MEASURES

- **Inhalation:** Move to fresh air. If breathing is difficult give oxygen. If symptoms develop and persist, get medical attention.
- **Skin contact:** Immediately wash with soap and water. Remove contaminated clothing and shoes. Get medical attention if symptoms develop and persist. Wash clothing before reuse. Thoroughly clean shoes before reuse.
- **Eye contact:** Immediately flush with large amounts of water for at least 15 minutes. Get immediate medical attention.
- **Ingestion:** Do not induce vomiting. Keep individual calm and get medical attention. Never give anything by mouth to an unconscious person.
- **Symptoms:** See section 11

### 5. FIRE-FIGHTING MEASURES

- **Extinguishing media:** Water spray or fog, dry chemical or carbon dioxide.
- **Special fire fighting procedures:** Wear self-contained breathing apparatus and protective clothing. In case of fire keep container cool with water spray.
- **Unusual fire or explosion hazards:** Keep container cool with water spray. Uncontrolled polymerization may occur at high temperature resulting in explosions or rupturing containers.
- **Hazardous combustion products:** Toxic and/or irritating organic vapors may be generated. Oxides of carbon. Oxides of nitrogen. Amines.
6. ACCIDENTAL RELEASE MEASURES

Use personal protection equipment recommended in section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.

Environmental precautions: Remove sources of ignition. Prevent product from entering drains or waterways.

Clean-up methods: Dyke spill to prevent from entering water ways. Ventilate area. Wear protective equipment to clean up. Soak up spill using absorbent material such as sand, silica gel, acid binder, universal binder, or saw dust. Scrape as much material as possible and store in partially filled container until disposal. Refer to section 8 (Exposure Controls/Personal Protection) before clean up.

7. HANDLING AND STORAGE

Handling: Prevent contact with eyes, skin and clothing. Do not breathe vapor and mist. Wash thoroughly after handling. Keep container tightly closed. Keep away from heat, sparks and flames.

Storage: Store in original container in a cool well ventilated area away from heat, sparks, and flames. For safe storage, store below 37.8(100°F). For shelf life information contact Permabond customer service at (800)714-0170.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Employees should complete an assessment of all workplaces to determine the need for and selection of proper exposure controls and protective equipment before each task is started.
