Pool Patch

A self-adhering, translucent vinyl pool patch you just Peel and Stick! It really is that easy to use and Permanent!

Heavy Duty Vinyl Liner Repair Kit

- Solvent free
- No messy tubes of glue
- Peel & stick application
- Apply underwater
- High quality
- Professional Strength

Instructions:

1. Clean area with Scrubbing Pad.
2. Cut patch at least 1/2" larger than area being repaired.
3. Patch should always be cut with rounded corners.
4. Peel off release liner on back of patch to expose adhesive.
5. Put patch over hole, wipe over surface of patch with Plastic Spreader to get out water and air bubbles from behind patch and apply pressure.
6. Patch will build strength over next 24 hours.
Professional two-part adhesive and sealant system that works well with:

- ABS
- Fiber
- PVC
- Glass
