CounterBalance® COUNTERPLATE and COUNTERPLATE XL

The **CounterBalance®** CounterPlates provide a cost-efficient, quick, easy install to support overhangs on stone and solid surface countertops. These products give your customers an alternative to banging their knees on pricey corbels and provide superior support and security. These low-profile brackets are hidden from view offering a clean, modern look.

The CounterPlates are designed to attach to half walls or pony walls, supporting overhangs on “breakfast bar” style countertops. The CounterPlate and CounterPlate XL support up to a 13” and 15” overhang respectively.

Supports should be spaced no more than 16” to 20” apart for optimum performance.

AVAILABLE COLORS:

black and stainless steel

- Low-profile plates provide a clean, “floating” look for your kitchen countertop
- Hot rolled, 7 gauge steel with black powder-coated finish for strength and durability - tested up to 500 lbs
- Mounts on top of half walls to support extended countertop overhangs for “breakfast bar” style applications - countertop can extend 6” beyond the support —
- CounterPlate supports up to 13” overhang
- CounterPlate XL supports up to 15” overhang
- For bar tops mounted on half walls — supports should be placed every 16” to 20”
- Router Guide available for easy installation
