

TrimBonder™
by DUO-FAST is available as **TrimGrip™**
The TrimGrip™ line of adhesives bond Cellular PVC Trimboard...and more.

Chem-Set™ **TrimGrip™**
Bonding Cellular PVC Trimboard...and more!

ITW/Plexus and their distribution partner Paslode, a division of Illinois Tool Works, decided to exit the market for the TrimBonder product line. A private label agreement was reached between ITW/Plexus, the manufacturer of the adhesive branded as TrimBonder™, and Chemical Concepts, Inc. whereby ITW/Plexus would sell the bulk adhesive to Chemical Concepts Inc. for packing into pails, tubes and cartridges under the Chemset™ TrimGrip label.

The product here forth labeled as Chemset™ TrimGrip™ is, and will continue to be, the same product as TrimBonder™. The adhesive formula will continue to be made by ITW/Plexus and is unchanged in any way except for the means of distribution and product labeling.

All warranties, disclaimers, and claims to the products suitability for specific uses remain the same.
