

# Tensorgrip® G67

WATER-BASED  
PRESSURE SENSITIVE  
FLOORING ADHESIVE

## EXTREMELY HIGH COVERAGE—10x THE LEADING PAIL!

### OVERVIEW

Tensorgrip® G67 is a water-based, spray grade pressure sensitive flooring adhesive.

This unique, portable canister system has been shown to decrease installation times by as much as 70% when compared to troweled or rolled-on adhesives. Plus, glue application while standing makes it more efficient and easier on the body than a kneeling position. Tensorgrip® G67 is the only all-in-one portable spray adhesive system in the flooring market. Its performance is unparalleled not only with its superior adhesion qualities, but in speed of application and quantity of coverage.

### ADVANTAGES

- Ready for traffic immediately
- CO-REZ Formula; higher coverage from less aerosol weight
- Excellent adhesion to most carpet tiles and LVT/LVP/VCT. Plasticizer resistant
- Aerosol can is designed for small jobs/repair jobs. For large areas, use G67 Canisters
- Zero VOC; California SCAQMD Rule 1168 compliant
- Extremely high coverage:
  - 22 liter canister is equivalent to 4,000-6,000 sq ft (8-10 pails)
  - Aerosol can covers 160-200 sq ft.
- High application speed:
  - 200 sq feet (small areas) per minute
  - 800 sq feet (large areas) per minute
- Repositionable during installation
- Releasable bond for ease of replacement
- No flammable ingredients
- Can be wet laid when at least one surface is porous, such as wood or concrete.

### SIZES

#### 22L CANISTER

Extremely high coverage—one 22L canister is equivalent to 8–10 pails of trowel adhesive.

#### 650 ML (22 FL OZ) AEROSOL CAN

Designed for small and repair jobs—one 650ml aerosol covers an average of 160-200 square feet.

Now featuring our exclusive No-Slip ProTip.

### FOR BEST RESULTS

**CANISTER** -Hold spray gun 18–30" above floor at a 30–40° angle.

**AEROSOL** -Hold can 24–36" above floor at a 30° angle.

# 3 REASONS YOU NEED TENSORGRIP® G67 FLOORING ADHESIVE

## UNPARALLELED PERFORMANCE

Experience a high performance adhesive so strong, we guarantee the bond. All while staying repositionable during installation, so you can easily replace or rearrange flooring.

## LESS TIME. MORE PROFIT

Reduce install time by up to 70% and be ready for traffic immediately. Save time with a high application speed of between 200–800 sq ft per minute, depending on the size of the area.

## POWERFULLY SIMPLE

Say goodbye to aching knees caused by laborious trowel adhesives. Our canister system allows you to spray adhesive while standing up, and requires very little clean up or maintenance.

View QR code for video instructions on set-up, application, and clean-up.
